PRESS RELEASE

The attached ad was placed on the Op-Ed page in today's (Oct 6, 2009) *Washington Times*. This ad is the first step in the Thoney campaign's effort to establish the Jefferson Republican faction within the Republican Party. Karl-Marx-inspired socialists and communists have transformed the Democratic Party into the "Party of Karl Marx." In the process, the Democratic Party has abandoned its Jeffersonian roots leaving a void. Establishing the Jefferson Republican faction is an attempt to fill that void and transplant the Jeffersonian roots into the Republican Party, transforming it into the "Party of the People" and the "Party of Freedom." See www.rogerthoney.com for more information.
